

SYED IBRAHIM BADHUSHA M

Java Full Stack Developer

Thoothukudi | badhusha334@gmail.com | +91 7639014820 | GitHub: Badhusha01 | LinkedIn: Syed Ibrahim Badhusha

PROFESSIONAL SUMMARY

B.E. Computer Science graduate and aspiring Java Full Stack Developer with hands-on experience building end-to-end web applications using Spring Boot, React.js, and MySQL. Skilled in RESTful API development, Spring Data JPA, Spring Security, and MVC architecture. Dedicated to building scalable, efficient real-world applications and contributing to organisational success while continuously enhancing technical and problem-solving skills.

TECHNICAL SKILLS

Languages: Java (Core Java, OOP), JavaScript, SQL

Backend: Spring Boot, Spring Data JPA, Spring Security, RESTful API Development, MVC Architecture

Frontend: HTML5, CSS3, Bootstrap, JavaScript, React.js

Databases: MySQL Queries (CRUD operations)

Tools & Other: VSCode, Git, GitHub, Postman, Maven, Problem Solving

INTERNSHIP

Java Full Stack Developer – BDreamz Global Solutions, Chennai

Nov 2025 – Present

- Learned to build responsive frontend web interfaces using React framework.
- Gained practical exposure to Java backend concepts and SQL database operations.
- Collaborated in internal projects following the Software Development Life Cycle (SDLC) and basic code review practices.

Web Development – Astro Web Solution, Madurai

July 2025 – Aug 2025

- Provided technical support and advised on web development best practices, resulting in enhanced project outcomes.
- Oversaw hardware setups and conducted software troubleshooting for systems to improve operational efficiency.

PROJECTS

Food Ordering Application (Full Stack)

Tech Stack: Java, Spring Boot, React, Spring Data JPA, MySQL

- Integrated React frontend with Spring Boot backend via JSON-based API calls, managed UI state with React Hooks.
- Developed a feature-rich admin panel for product inventory management with full CRUD functionality.
- Implemented role-based authentication and authorization using Spring Security.
- Integrated MySQL with Spring Data JPA for efficient, reliable data persistence.
- Designed RESTful APIs for order management following Controller-Service-Repository architecture.

E-Commerce Admin Panel

Tech Stack: Java, Spring Boot, Spring Data JPA, Spring Security, MySQL, Thymeleaf

- Built server-side rendered UI using Thymeleaf templates; followed layered architecture for clean code.
- Implemented complete CRUD operations and validated all API endpoints using Postman.
- Structured application with Controller-Service-Repository pattern for scalability and readability.

Bookstore Management System – REST API

Tech Stack: Java, Spring Boot, Spring Data JPA, MySQL

- Designed and developed REST APIs for managing books, customers, and orders with JSON request-response handling.
- Implemented complete CRUD operations and validated all API endpoints using Postman.
- Structured application with Controller-Service-Repository pattern for scalability and readability.

EDUCATION

Mohamed Sathak Engineering College, Ramanathapuram

2022 – 2026

B.E. Computer Science and Engineering

CGPA : 7.81%

St. Francis Xavier's Hr.Sec. School, Thoothukudi

2016 – 2022

HSC : 70%

SSLC : 84%
